When you may object to the content of a report: You agree that in the event that a Confirmation, Account statement or other report is provided to you in accordance with this clause 6.6 the time for objecting to the contents of a document under clause 6.6 is the earlier of either the date you receive the report under paragraph clause 6.6(e) (if applicable) and when the report is posted on the Trading Platform by us, subject to the timeframe in clause 6.6(f).

7. MARKET DISRUPTION

- a. Where there is a suspension or halt in the Underlying Market for an Underlying Instrument and we believe that we can no longer perform our obligations under the Contract on the same economic basis as that Underlying Instrument on the terms of the Contract when the Contract was originally entered into, then we will give notice to you of that fact and will, at your request, provide you with reasonable evidence of such circumstances, although our determination will be conclusive.
- b. At any time following our giving of notice to you under this clause, we may halt trading and the use of Client Money in the Contract.

8. OPENING A TRADE

8.1 NO RIGHTS IN UNDERLYING INSTRUMENT

A Contract does not entitle you to any rights in relation to the Underlying Instrument being traded and you will not be entitled to delivery of the Underlying Instrument; nor will you acquire any ownership or other such rights in relation to it.

8.2 OPENING A TRADE USING OUR TRADING PLATFORM

You will be able to open or close a Contract and execute Limit Orders and Stop Loss Orders on a trade opened with us via our Trading Platform.

We will have no liability to you for any technical problems, including a loss of Internet connection, resulting in you being unable to trade at any given price.

We do not warrant that the Trading Platform will always be available or accessible when the exchanges on which the Underlying Instruments in respect of which you have traded or wish to trade are open and we reserve the right to remove altogether or reduce the Trading Platform service at any time for any purpose, without thereby incurring any liability to you.

If our computer records are at variance with your own records or recollection of your trading, the version of events recorded contemporaneously by our computer will prevail and our obligations to each other (including the obligation to pay any money) will be assessed and calculated on the basis that our contemporaneous computer records are correct and are conclusive evidence of the matters they record.

8.3 NATURE OF QUOTE

A quote given to you is not an offer to contract. If you indicate that you wish to trade at the price quoted you will be deemed to be making an offer to trade at the quoted price and we will be entitled to confirm or reject that offer. No trade will be effective unless and until a Confirmation is given via the Trading Platform.

8.4 FORMATION OF CONTRACT

Your clicking 'buy' or 'sell' will send a message to us indicating that you wish to trade on the terms and conditions of the Product indicated. This message will constitute an offer by you to buy or sell at the price and trade size chosen. If we accept the trade we will send you a Confirmation on the Trading Platform to this effect. Your trade will not have been placed and no Contract will come into existence until a Confirmation is generated on the Trading Platform. You must wait for the Confirmation to appear after sending a 'buy' or 'sell' message and should you not receive this within two (2) minutes you must notify us immediately.

If you do not receive our Confirmation and you do not notify us as required, you will be deemed to have agreed only the transactions recorded by us. Similarly, if you dispute the contents of any Confirmation sent by us to you, you must notify us immediately upon receipt by email; if you do not, the transactions recorded by us will be deemed to have been agreed by you.

8.5 CURRENCY

When you open an Account with us, you will nominate the currency for your Account and this currency will be the Base Currency of your Account.

All trades will be conducted in the currency appropriate to the trade and will be converted into Base Currency at the previous day's official closing Exchange Rate for the purposes of calculating the components of your Account summary.

8.6 PAYMENTS

All payments will be made to you in your Base Currency unless otherwise agreed.

8.7 POSITION DURATION

With the exception of Futures Based CFDs, a Position has no inherent limit to its duration and, subject to the payment of Margin and other relevant sums, can continue indefinitely. Any position opened by you may be closed by us at the prevailing rate if there is an Event of Default.

8.8 **OPPOSING POSITIONS**

You may run opposing Positions in a Product. Both long and short Positions will appear in your Account and they will be treated as two open Contracts. However, we reserve the right to net the value of the opposing Positions.

8.9 DIFFERENCE IN BUY AND SELL PRICES

You understand there may be a wider difference between 'buy' and 'sell' prices you are quoted on closing a position than when it was opened.

8.10 PROFIT AND LOSSES

You further understand that a payment will pass between us equal to the difference in value expressed in the Base Currency between the opening price of all Positions and their closing prices. If you make a profit we must pay a sum to you equal to that profit. If you make a loss you must pay to us a sum equal to that loss.

9. PRICING

9.1 QUOTES

We will quote prices which provide an indication of the prices at which we are prepared to deal with you and which are calculated in accordance with Clause 9.5 for Margin FX Contracts and Clause 9.4 for CFDs. You should note that:

- a. **Principal:** we act under the Agreements as a principal, and accordingly, set the applicable price at which we are prepared to deal with you;
- b. **Other prices:** prices that may be quoted or traded upon from time to time by third parties do not apply to trades and dealings between us and you;

When you make a request to place an Order, we may:

- a. Provide an amended quote of the Contract price originally quoted by our Trading Platform; and/or
- b. Make the quote subject to special conditions and requirements as we consider fair and reasonable and as notified to you by us at the time of the Order being considered by us. This may occur, for example, when you place an Order outside the Normal Trading Size, or the aggregate of your Order and all other Orders for a Product is outside the Normal Trading Size, or to take account of any change in market conditions since the original quote. Such amended Contract price will be determined by us as we consider fair and reasonable having regard to the applicable prices and costs of entering into a transaction of that size on the relevant market. You will not be obliged to proceed with any Order for which special conditions and requirements are notified to you by us. For example, we may quote a revised price applicable to the proposed Contract which you may, at your absolute discretion, accept or reject. The amended quote may no longer be available if there is any delay in acceptance.

9.3 MINIMUM TRADING SIZE, MAXIMUM TRADING SIZE AND MINIMUM BALANCE FOR OPENING AN ACCOUNT

Except where:

- a. We exercise any of our rights to close out a Contract; or
- b. A Contract closes automatically;

It is your responsibility to decide whether or not you wish to deal at those prices.

If you decide to deal at the prices indicated by us, you may make an offer to us to deal at that price. We may choose, in our absolute discretion, whether to accept or reject any offer to deal made by you.

9.7 ERRORS IN PRICES

a. It is possible that errors, omissions or misquotes ("**Material Error**") may occur in relation to our Products, which by fault of either of us or any third party, is materially incorrect when taking into account market conditions and quotes in Underlying Instruments which prevailed at the time. A material error may include an incorrect price, date, time or other characteristic of a Product or any error or lack of clarity of any information.

If a trade is based on a Material Error, we reserve the right without your consent to do any of the following:

- i. amend the terms and conditions of the Contract to reflect what we consider to have been the fair price at the time the Contract was entered into and there had been no Material Error;

10. MARGIN

10.1 INITIAL MARGIN

Upon placing a trade that creates an open Contract you are required to pay us, or have in your Account, the Margin for that trade as calculated by us ("Initial Margin"). This Initial Margin is calculated as follows:

Initial Margin requirement = (Quantity of Contract Units x Contract Price) x Margin Percentage

10.2 CONTINUING MARGIN OBLIGATION WHILE CONTRACTS OPEN

In addition to the Initial Margin, you have a continuing obligation in relation to Margin as set out below in respect of all open Contracts on your Account.

You have a continuing obligation to us to ensure that at all times during which you have open Contracts, your Total Equity is at least at the Stop Out Level.

Margin required by us at all times (the Margin Requirement) for each open Position being calculated as:

(Quantity of Contract Units x Contract Price) x Margin Percentage

You must pay to us the Margin required by us for all of your open Positions (the Total Margin Requirement).

Your Total Equity will be determined by us on an ongoing basis during the day.

If there is any shortfall between your Total Equity and the Margin Call Level for all your open Contracts, you are required deposit additional funds into your account so that there is no shortfall. These funds are due and payable to us immediately on your Total Equity falling below the Margin Call Level for all your open Contracts. Where this does not occur your open Contracts may be closed.

10.3 EXCEPTIONS

The requirements imposed under Clauses 10.1 to 10.2 will vary in the following circumstances:

- a. We have expressly told you that you have an Account type that allows for longer payment periods for Margin, in which case you must pay Margin in accordance with the payment periods that we have advised you;
- b. We have expressly agreed to reduce or waive a part of the Margin that we would otherwise require you to pay us in respect of a trade; the period of waiver or reduction may be temporary and must be agreed in writing by us. Any such agreement will not restrict our right to seek further Margin in respect of the trade or open Positions at any time thereafter;
- c. We agree otherwise in writing, in which case you will be required to comply with such terms and conditions as stated in such written agreement;
- d. When you hold open Contracts and you place one or more trades in the opposite direction in a Contract with the same Underlying Instrument, your Margin Requirement for all open Contracts with the same Underlying Instrument will be partially offset. You will still be charged an Initial Margin but at a reduced rate. Please note that the offsetting will only be applied to Contracts with the same Underlying Instrument.

10.4 CHANGING MARGIN PERCENTAGE, MARGIN CALL LEVEL AND STOP OUT LEVEL

We may vary the Margin Percentage, Margin Call Level and Stop Out Level at any time at our discretion. Without limitation, we may vary the Margin Call Level and/or Stop Out Level in response to or in anticipation of the following:

10.5 NOTIFICATION OF INCREASED MARGIN PERCENTAGE

We will notify you of a change in the Margin percentage on your Account on the Trading Platform, or by any other means including telephone, email, fax, or by posting notice of increase on our Website. Any increase in Margin arising from an increase in the Margin Percentage will be due and payable immediately on our demand, including any deemed demand in accordance with Clause 36 of this Client Agreement.

10.6 NEGATIVE BALANCE PROTECTION

We offer Negative Balance Protection, meaning you cannot lose more than your Initial Margin. If at any time you have a negative Account balance, We will waive our right to claim the deficit and will return the Account balance to zero (0).

It is your responsibility to ensure that you obtain all relevant information in respect of your Account (including requesting information before placing any Orders to open or close a Position), including all information in respect of your current open Contracts. We will not be responsible for any losses you may suffer or incur as a result of you not obtaining or requesting any such information.
- b. 11.6 YOUR OBLIGATION TO NOTIFY US

It is your responsibility to notify us immediately of any changes in your contact details so that you can be contacted by us. You acknowledge that we are not liable for any losses (including indirect or consequential losses), costs, expense or damages incurred or suffered by you as a consequence of your failure to do so.

However, where we, in our absolute discretion, do allow you time to meet your Margin Requirements that permission will only be effective once it is confirmed in writing by us, and only to the extent specified in the written confirmation given by us through a Confirmation.

12. CLOSING A MARGIN FX CONTRACT OR CFD

12.1 WHEN CAN A CONTRACT BE CLOSED?

A Contract may be closed out by selecting a Position in the Trading Platform and then closing it (on the Trading Platform by clicking the "Close" button for that Contract).

We may exercise any of our rights under this Client Agreement to close a Position at any time before the Contract closes under clause 15 of this Client Agreement.

12.2 AUTOMATIC CLOSURE AFTER THREE YEARS

A Contract will close automatically three (3) years from the date the Contract was first entered into if the Contract has not been rolled over under clause 13.2 of this Client Agreement.

It is your responsibility to be aware of the date and time a particular Contract will be closed. Please refer to our Product Schedule for more information.

12.3 METHOD OF CLOSING CONTRACTS BY US

Where we exercise any of our rights under this Client Agreement to close Contract, we will do so irrespective of the date on which the Position closes automatically under clause 12.2 of this Client Agreement.

12.4 CONTRACT PRICE AT CLOSING

Where:

(a) we exercise any of our rights under this Client Agreement to close a Contract; or

(b) a Contract closes automatically under clause 12.2 of this Client Agreement,

we will determine the Contract Price at the time of closing in accordance with the current prices then being quoted by us.

12.5 CONTRACT VALUE AT CLOSING

A Contract will close at the Contract Value at the time of closing as calculated by us, which will equal:

Contract Price x Contract Quantity

And as notified to you.

12.6 Closure during Business Day

Where a Contract has been closed out during a Business Day, clauses 12.2 of this Client Agreement will continue to apply to your long and short Contracts in the particular Underlying Instrument until Close of Business on such Business Day and will apply to the balance of your outstanding long or short Position (if any) in the relevant Underlying Instrument with effect immediately after Close of Business on such Business Day.

12.7 TIMING OF PAYMENTS

Any payment due by either us or you under this Clause 12 in respect of dates on or after the closing date will be made by us adjusting the Account immediately.

13. CLOSE OF BUSINESS ACCOUNTING

13.1 DAILY SWAPS OF CONTRACTS (OTHER THAN FUTURES BASED CFDS)

When you hold a Contract or Contracts overnight (other than a Futures Based CFD) they will be rolled to the next Business Day which may result in you paying a Swap Charge or receiving a Swap Benefit. You should refer to our Product Schedule for detailed information on whether Swap Charge or Swap Benefit is applicable to a particular Product.

The amount of a Swap Charge or Swap Benefit is determined by us and depends on our Swap Rate, being the rates at which you receive or pay interest on Positions that remain open overnight. This is a varying rate dependent upon the applicable rate in the Interbank Rates for the currencies or Bullion, the duration of the rollover period and the size of the Position.

No Swap Charge is paid or Swap Benefit is received in the case of Futures Based CFDs; but there will be a Rollover Charge or Rollover Benefit: see clause 13.2.

(a) Entitlement

If you are long on a Margin FX Contract you may either receive a Swap Benefit or pay a Swap Charge, depending on the currency you are long, subject to paragraph 13.1(b).

If you are short on a Margin FX Contract you may either pay a Swap Charge or receive a Swap Benefit, depending on the currency you are short on, subject to paragraph 13.1(d).

(b) Long Margin FX Contracts

If you are long on a Margin FX Contract where the bought currency interest rates are higher than the sold currency interest rates you will receive interest at the Swap Rate if you hold the Contract overnight and do not close it before the settlement time. This is because you are holding the higher yielding currency.

On the other hand, if you are long on a Margin FX Contract where the bought currency interest rates are lower than the sold currency interest rates then you will pay interest at the Swap Rate if you hold the Position overnight and do not close it before the settlement time. This is because you are holding the lower yielding currency.

(c) Long Bullion CFDs

If you have a long USD/short Bullion Position and interest rates in the United States of America are higher than the Bullion Swap Rate you would typically receive a Swap Benefit at the Bullion Swap Rate if you hold the Position overnight and do not close it before settlement time. This is because you are holding the higher yielding asset.

(d) Short Margin FX Contracts

If you are short on a Margin FX Contract where the sold currency interest rates are higher than the bought currency interest rates you will pay interest at the Swap Rate if you hold the Position overnight and do not close it before the settlement time. This is because you are holding the lower yielding currency.

On the other hand, if you are short on a Margin FX Contract where the sold currency interest rates are lower than the bought currency interest rates then you will receive interest at the Swap Rate if you hold the Position overnight and do

not close it before the settlement time. This is because you are holding the higher yielding currency.

(e) Short Bullion CFDs

If you have a short USD/long Bullion Position and interest rates in the United States of America are higher than the Bullion Swap Rate you will pay a Swap Charge at the relevant Swap Rate if you hold the Position overnight and do not close it before settlement time. This is because you are holding the lower yielding asset.

13.2 ROLLOVER OF FUTURES BASED CFDS

A rollover will arise in Futures Based CFDs, such as Commodity CFDs and Index Futures CFDs, when the underlying front month futures contract is approaching the Expiry Date and we change our CFD pricing feed from the front month to the Next Serial Futures Contract. When the new price feed takes affect you will immediately create a gain or loss in your open trade equity. This profit or loss will depend on your Position size and direction and the price differential of the expiring Contract and the new Contract on which the price will be now based. You will be credited or debited with a Rollover Charge or Rollover Benefit that will fully offset the effect of the abovementioned profit or loss. For example, if you have made a profit on the change the new Contract Price feed you will receive a Rollover Charge which will offset the gain.

13.3 SETTLEMENT

In relation to Swap Charges and Swap Benefits, they will be accrued in the swap value field of your open Contracts. In the event there are insufficient funds in your Account, any amount due to us because of the Swap Charges becomes a debt due and owing by you to us.

In relation to Futures Based CFDs, Rollover Charges and Rollover Benefits will be accrued in the Rollover value field of your open Contract. In the event that there are insufficient funds in your Account, any amount due to us because of the Rollover Charges becomes a debt due and owing by you to us.

13.4 WHEN WE MAKE ACCOUNTING PAYMENTS

Any payments due under this clause 13 will, subject to clause 17 of this Client Agreement, be made by us adjusting the Account with effect immediately after Close of Business on the relevant Business Day.

14. STOP LOSS ORDERS AND LIMIT ORDERS

14.1 AVAILABILITY OF ORDERS

Stop Loss Orders and Limit Orders are only available on selected instruments. We may refuse to accept any Stop Loss Orders or Limit Orders on any trade. Such orders, if we do accept, may be placed or cancelled at any time during the trading hours of the exchange on which the Underlying Instrument is traded.

14.2 MARGIN REQUIREMENTS TO FILL ORDERS

An Order which involves an instruction to us to open a Contract above a certain price will not ordinarily be filled unless at the time when the price reaches the relevant limit your Account contains sufficient trading resources to cover the Initial Margin for the trade which is to be opened.

We may, however, at our discretion proceed to fill such an Order notwithstanding that your Account has insufficient trading resources to cover the Initial Margin for the trade which is to be opened. In such circumstances we reserve the right at any time after the opening of the trade to require you to deposit cash in the amount of the required Initial Margin for that trade. Any such further cash deposits will be payable as Margin in accordance with the provisions of Clause 10 of this Client Agreement. A failure to make payment in the time and manner required will be an Event of Default.

We reserve the right to refuse to open a Contract in accordance with a Limit Order if:

- a. there has been an Event of Default; and
- b. in any other circumstances where we would be entitled to close the Contract had it already been opened.

14.3 LIABILITY FOR LOSSES ARISING FROM ORDERS

You will remain liable for any losses in your Account which may be realised as the result of the filling of an Order, regardless of the trading resources available on your Account at the time the Order was filled.

14.4 OUR RIGHT TO IMPOSE A STOP LOSS ORDER

We may impose a Stop Loss Order on any of your open Positions where we believe such action is necessary or desirable to limit the losses on any of your Positions including, but without limitation where:

- a. We have any reason whatever to think that you will not pay us any money that is or may become due to us; or
- b. You make any statement to us which we have reason to believe is or may not be true; or
- a. You fail to do anything that you have undertaken to us that you will do; or
- c. We are having difficulty in communicating with you and there are grounds for believing that this is because you have failed to take reasonable care to ensure that you are contactable by us at all times. Such grounds will arise if (whether or not in order to make a Margin call) we dial all the telephone numbers given by you to us but are unable to speak to you personally and:
 - i. We leave a message on any message-taking facilities offered but we do not hear from you within thirty (30) minutes of leaving the message (or, if we leave more than one, the first message we leave, although if we leave or attempt to leave a message, either with a person who offers to take a message or on a automated message taking service but for any reason it does not reach you we will nonetheless be deemed to have left a message for you); or
 - ii. No message-taking services are offered and we dial all the numbers given by you again after a period of not less than thirty (30) minutes and are still unable to speak with you at once.

14.5 INFORMING YOU OF ORDERS WE IMPOSE

As soon as reasonably practicable after imposing a Stop Loss Order we will attempt to inform you that this has occurred via the Trading Platform. We are under no obligation to take any other steps to inform you of the Stop Loss Order and a failure for any reason to inform you of the imposition of a Stop Loss order will not affect the validity or enforceability of that Stop Loss Order.
